Organized by

Department of Economics
University College of Arts & Social Sciences (UCASS)
Satavahana University
Karimnagar – 505 002 (TG)
www.satavahana.ac.in

About the Seminar

The Indian government envisions Viksit Bharat@2047, the country's 100th year of independence, as a developed nation. Aspects of development such as social advancement, environmental sustainability, economic growth, and good governance are all included in the vision.

India is at a turning point in its history where it is expected to accelerate its growth trajectory. It is important to acknowledge that this potential will only be realized with unwavering leadership, enormous devotion and faith in India's destiny, and a great deal of desire, potential, talent, and capabilities among Indians, particularly the youth.

To make India a Viksit Bharat by 2047, a great deal of work needs to be done in a mission mode. Since they will be leading India's transition to a Viksit Bharat by 2047, youth, who make up the majority of the population, play a critical role. To guarantee that everyone gains from economic progress, Viksit Bharat places a high priority on social welfare and inclusive development. In order to assist underprivileged people, strengthen marginalized communities, and improve social security, healthcare, and education, the administration has started a number of historic projects. Initiatives like the government's Beti Bachao Beti Padhao, Ayushman Bharat, Swachh Bharat Abhiyan and Pradhan Mantri Jan Dhan Yojana demonstrate its commitment to improving healthcare, financial inclusion, gender equality, and sanitation.

In order to achieve this goal within the allotted timeframe, Bharat needs research-based policy reforms and strategic policy intervention to speed up the evaluation of its citizens' potential talent and capabilities in a variety of areas. In light of this, the Department of Economics at Satavahana University in Karimnagar has scheduled ICSSR-New Delhi & TGCHE, Hyderabad sponsored a Two-Day National Seminar to support the "Vision Viksit Bharat@2047" initiative. Research papers on the topic of "Vision of Viksit Bharat@2047: India's Vision for Development" from Indian academics, researchers, students and others are invited to submit. These papers should address the themes and sub-themes of priority for policy intervention, strategic action, evidence-based policy recommendations and areas that can be improved in a variety of sectors and sub-sectors for socio-economic growth and development.

The following sub-themes will be covered in this Two-Day National Seminar, but are not limited to:
